MOUNT KISCO

Currently Mount Kisco does not sell passes for Tennis or Pickleball. We do have an online court reservation system that only allows residents have to sign up for and limits how many times they can reserve a court. This Spring/Summer we are going to see the usage in real time through this and have plans to have a small fee permit that will be just for courts which are Tennis Courts that are lined for pickleball. It will be just one pass allowing them to do either or.

BEDFORD

Town of Bedford has all three types of courts, but we do not sell permits for any. The only thing we do is a “Standing Group Reservation” for our platform courts where folks can reserve a court for a 2 hour period on same day/time each week for a 2 month “session”. We offer three 2 month sessions running from November thru March...sorry its sounds a little confusing! The fee structure ends up being \$10 per court per hour. We post hard copy schedules at our platform tennis courts, but no real enforcement.

CORTLANDT

We DO NOT have Tennis Permits or Pickleball Permits that are issued to residents. There is a very good chance that may be changing very shortly! We have 11 Pickleball Courts and 14 Tennis Courts.

HASTINGS

In Hastings currently we only offer a Tennis permit. After we have Pickleball specific courts we may offer a Pickleball permit too.

Family \$65

Individual \$40

Two person family \$60

Junior \$25

Senior \$25

PLEASANTVILLE

In Pleasantville we currently just have 3 tennis court and at the moment we do not charge or schedule the courts.
